

100 Litre Conical Water Tank

Fusion Welded Sockets

If you require multiple inlets/outlets or if you require the tank outlet in a different position to the standard position, fusion welded sockets can be added to the tank. The sockets are BSP threaded and are available in both Male and Female.

Female Socket

Male Socket

All you need to do is mark the position you require the inlet/outlet on the drawing above, email or fax this to us and then give us a call on 01777 858009 to place your order
