

GRP Open Top Tanks with Integrated Forklift Channels

This open top tank is manufactured from Glass Reinforced Plastic (GRP) making it extremely tough and durable. The tank offers excellent stability, low weight and is highly resistant to corrosion. The forklift channels integrated in to the base of the tank allow the tank to be moved even when full while the optional stacking lid allows multiple tanks to be stacked on one another.

Features:

- 200 or 400 litre capacity
- Smooth interior for easy cleaning
- UV resistant and corrosion resistant
- Chemical resistant
- Available in green or grey

Capacity	Product Code	Internal Dimensions			External Dimensions			Weight
		Length	Width	Height	Length	Width	Height	
200 Litre	CE200URC	800mm	500mm	540mm	870mm	570mm	640mm	10 kg
400 Litre	CE400URC	1120mm	720mm	500mm	1190mm	790mm	600mm	15 kg

The optional stacking lid allows multiple tanks to be stacked on top of one another when the lids are in place.
